The manufacturer or supplier must apply for an extension of the approval in writing. The application must contain confirmation that the formulation is unchanged. In the case of rebrands a written declaration of consent from the previous supplier must be submitted as well.

If the extension is not applied for in good time within the approval period (at least two months prior to expiry of the approval) all reblend approvals and all related rebrands will be deleted from the publicly service product database on the day of expiry of the approval. After expiry of the approval period the product approval can be continued only by way of a new approval procedure, for which a charge will be made.

Yours faithfully,
